

## INDEX OF TABLES AND FIGURES

### TABLES

#### THE CURRENT SITUATION...

Table 1: Key economic indicators .....	17
Table 2: Main source of income in the 15–74 year old Roma population .....	24
Table 3: Employed and unemployed persons by highest educational attainment, 2002 .....	25
Table 4: Inflow to different active employment policy programs in 2002 .....	36

#### INFOCUS

##### I.2

Table 1/a: Logit models of employment probability, men .....	57
Table 1/b: Logit models of employment probability, women .....	58

##### I.3

Table 1: Elasticities of individual earnings with respect to regional unemployment, 1986–2000 .....	65
Table 2: Regression-adjusted net earnings differentials in the public sector. 1992, 2000 .....	70
Table 3: Regression-adjusted regional wage differentials in the Labour Force Survey sample, April-June 2001 .....	71

##### I.4

Table 1: Average housing prices in 1999 and 2003 by types of settlement and by regions ....	75
Table 2: The housing price/income ratio in 1999 and 2003 by types of settlement and regions. ....	76
Table 3: The vacancy rate of moves between 1996 and 2002 by regions and types of settlements .....	77

##### I.5

Table 1: Means of variables in four different samples ..	85
Table 2: The probability of commuting .....	87
Table 3: The probability of the existence of commuting costs .....	89
Table 4: The probability of commuting in the absence of coverage of travel expenses .....	91

##### I.6

Table 1: Persistence of settlements' status in terms of mobility gains .....	97
Table 2: Relative migration gains by settlement types and population categories, 1991–1999 .....	100
Table 3: Relative incidence of mobility motivations by time of moving house and results of factor analysis relating to them .....	101
Table 4: Average factor scores by different mobility routes .....	103

Table 5: Mobility of temporary and permanent migrants across types of settlements .....	106
--	-----

Table 6: Proportion of permanent and temporary movers in education groups .....	108
--	-----

Table 7: Proportion of permanent and temporary migrants in activity groups .....	108
---	-----

Table F1: Marginal effect of factors influencing mobility in the case of permanent, temporary and all movers .....	112
--	-----

Table F2: Marginal effect of factors influencing mobility in the case of permanent, temporary and all movers, given that they have crossed .....	112
--	-----

##### 2.2

Table 1: The formation of spatial inequalities of taxable income on different regional levels .....	128
--	-----

Table 2: Space-time process of urban income growth .....	128
---	-----

Table 3: Regression analysis of factors influencing unemployment in micro-regions .....	134
--	-----

##### 2.3

Table 1: Regional division of industrial production .....	146
--	-----

##### 2.4

Table 1: Characteristics of foreign owned enterprises in the corporate sector .....	153
--	-----

Table 2: Changes of corporate employment in the low and in the high employment regions between 1993 and 2002 .....	161
--	-----

Table A1: Results from the regression estimation .....	169
--	-----

Table A2: Variables used in the analysis .....	170
--	-----

#### STATISTICAL DATA

Table 1.1: Main economic indicators 1. ....	173
---	-----

Table 1.2: Main economic indicators 2. ....	174
---	-----

Table 2.1: Population .....	175
-----------------------------	-----

Table 2.2: Population by main age groups – in thousands .....	176
--	-----

Table 2.3: Male population by main age groups – in thousands .....	177
---	-----

Table 2.4: Female population by main age groups – in thousands .....	177
---	-----

Table 3.1: Labour force participation of the population above 14 years .....	178
---	-----

Table 3.2: Labour force participation of the population above 14 years – males .....	179
---	-----

Table 3.3: Labour force participation of the population above 14 years – females .....	179
---	-----

Table 3.4: Labour force participation of the population above 14 years – per cent .....	180
--	-----

Table 3.5: Labour force participation of the population above 14 years – males – per cent .....	181	Table 7.2: Gross average earnings by industry – total .....	208
Table 3.6: Labour force participation of the population above 14 years – females – per cent ...	182	Table 7.3: Gross average earnings by industry – manual workers .....	208
Table 3.7: Labour market status according to the self arrangement of the population .....	183	Table 7.4: Gross average earnings by industry – non-manual workers .....	209
Table 4.1: Employed of working age .....	184	Table 7.5: Gross average earnings distribution by industry .....	209
Table 4.2: Employed above working age .....	185	Table 7.6: The composition of full-time employees and average earnings by gender in each major branches of the economy in 2002 .....	210
Table 4.3: Employed .....	186	Table 7.7: The composition of full-time employees and average earnings in the economy by gender according to the level of education .....	211
Table 4.4: Employed by gender .....	187	Table 7.8: The composition of full-time employees and average earnings in the budgetary sector by gender according to the level of education .....	211
Table 4.5: Composition of the employed by age groups – males, per cent .....	188	Table 7.9: The composition of full-time employees and average earnings in the competitive sector by gender according to the level of education in 2002 ..	212
Table 4.6: Composition of the employed by age groups – females, per cent .....	189	Table 7.10: Wages, sales prices and productivity in industry .....	212
Table 4.7: Composition of the employed by level of education – males, per cent .....	189	Table 7.11: Minimum wage .....	213
Table 4.8: Composition of the employed by level of education – females, per cent .....	190	Table 7.12: Central wage agreements .....	214
Table 4.9: Employed by status of employment .....	191	Table 7.13: Industrial and firm-level agreements ..	214
Table 4.10: Composition by status of employment – per cent .....	191	Table 7.14: The inequality of individuals' per capita household income – selected indicator .....	215
Table 4.11: Employees by industry, per cent .....	192	Table 7.15: Percentage of low paid workers by genders, age groups, levels of education and industries .....	215
Table 4.12: Employees of the corporate sector by firm size, per cent .....	192	Table 7.16: The differentiation of gross monthly earnings by genders and for all persons, ratios of deciles, 1992–2002 .....	217
Table 4.13: Employees of the corporate sector by the share of foreign ownership, per cent .....	193	Table 8.1: School leavers by level of education. ....	218
Table 5.1: Unemployment rate by age and gender and % of long term unemployed .....	194	Table 8.2: Pupils/students entering the school system, by level of education .....	219
Table 5.2: The distribution of unemployed by duration of job search, in thousands .....	195	Table 8.3: The number of full time pupils/students by level of education .....	220
Table 5.3: Registered and LFS unemployment .....	197	Table 9.1: Registered vacancies .....	221
Table 5.4: Registered unemployed by economic activity as observed in the LFS .....	198	Table 9.2: Average monthly inflow of reported vacancies in 2001 and 2002 by groups of occupations by 2 digit FEOR code .....	222
Table 5.5: Selected time series of registered unemployment, yearly average .....	199	Table 9.3: Firms intending to increase/decrease their staff .....	223
Table 5.6: First-time entrants and re-entrants to unemployment register, 2002, in thousands .....	200	Table 9.4: Firms expecting increasing/decreasing orders .....	224
Table 5.7: Monthly average of newly registered unemployed persons in 2001 by groups of occupations by 2 digit .....	201	Table 9.5: Firms activating new capacities .....	225
Table 5.8: Benefit receipt and participation in active labour market programs .....	202	Table 10.1: Regional inequalities: labour force participation rates .....	226
Table 5.9: Distribution of registered unemployed, unemployment benefit recipients and unemployment assistance + regular social assistance recipients by educational attainment .....	204	Table 10.2: Regional inequalities: employment ratio .....	227
Table 6.1: Inactive population by gender .....	205		
Table 6.2: 15–54/15–59 years old inactive population by gender .....	206		
Table 7.1: Nominal and real earnings .....	207		

Table 10.3: Regional inequalities: LFS-based unemployment rate .....	228	Table 13.1.7.1: Persons in employment by aggregated major groups of occupations and type of localities, 1980 .....	255
Table 10.4: Regional inequalities: registered unemployment rate .....	229	Table 13.1.7.2: Persons in employment by aggregated major groups of occupations and type of localities, 1990 .....	255
Table 10.5: Employment and Unemployment according to ILO standard at the level of counties and micro regions in 2002 .....	230	Table 13.1.7.3: Persons in employment by aggregated major groups of occupations and type of localities, 2001 .....	256
Table 10.6: Annual average of registered unemployment rate by counties .....	235	Table 13.1.8.1: Persons in employment by aggregated sections of industry and type of localities, 1980 ....	256
Table 10.7: The average monthly per capita earnings in Budapest and in the counties .....	236	Table 13.1.8.2: Persons in employment by aggregated sections of industry and type of localities, 1990 ....	257
Table 10.8: Regional inequalities: earnings .....	237	Table 13.1.8.3: Persons in employment by aggregated sections of industry and type of localities, 2001 ....	257
Table 10.9: Regional inequalities: GDP .....	239	Table 13.2.1: Persons in employment by means of transport and aggregated sections of industry .....	258
Table 11.1: Work permits issued to foreign citizens .....	240	Table 13.2.2: Persons in employment by means of transport and aggregated major groups of occupations .....	259
Table 12.1: Strikes .....	241	Table 13.2.3: Persons in employment by aggregated sections of industry and length of daily travel .....	260
Table 13.1.1.1: Persons in employment by aggregated major groups of occupations, age groups and sex, 1980 .....	242	Table 13.2.4: Persons in employment by aggregated major groups of occupations and length of daily travel .....	260
Table 13.1.1.2: Persons in employment by aggregated major groups of occupations, age groups and sex, 1990 .....	243	Table 13.2.5: Number of persons in employment by means of transport and regions .....	261
Table 13.1.1.3: Persons in employment by aggregated major groups of occupations, age groups and sex, 2001 .....	244	Table 13.2.6: Persons in employment by length of daily travel and regions .....	261
Table 13.1.2.1: Persons in employment by aggregated major groups of occupations and highest educational attainment, 1980 .....	245	Table 13.2.7: Persons in employment by length of daily travel and types of localities .....	262
Table 13.1.2.2: Persons in employment by aggregated major groups of occupations and highest educational attainment, 1990 .....	246	Table 13.2.8: Persons in employment by means of transport and types of localities .....	262
Table 13.1.2.3: Persons in employment by aggregated major groups of occupations and highest educational attainment, 2001 .....	247	Table 13.3.1: Persons in employment of non-agricultural occupations aged 15 years and over by age groups and the time spent for agricultural activity .....	263
Table 13.1.3: Persons in employment by major groups of occupations, occupations 1980–2001 ..	248	Table 13.3.2: Persons in employment of non-agricultural occupations aged 15 years and over by economic activity and the time spent for agricultural activity ..	263
Table 13.1.4: Persons in employment by sections of industry, industry, 1980–2001 .....	250	Table 13.3.3: Persons in employment of non-agricultural occupations aged 15 years and over by aggregated sections of industry and the time spent for agricultural activity .....	264
Table 13.1.5.1: Persons in employment by aggregated major groups of occupations and regions, 1980 ...	252	Table 13.3.4: Persons in employment of non-agricultural occupations aged 15 years and over by aggregated major groups of occupations and the time spent for agricultural activity .....	265
Table 13.1.5.2: Persons in employment by aggregated major groups of occupations and regions, 1990 ...	252	Table 13.3.5: Persons in employment of non-agricultural occupations aged 15 years and over by the time spent for agricultural activity and regions ...	265
Table 13.1.5.3: Persons in employment by aggregated major groups of occupations and regions, 2001 ...	253		
Table 13.1.6.1: Persons in employment by aggregated sections of industry and regions, 1980 .....	254		
Table 13.1.6.2: Persons in employment by aggregated sections of industry and regions, 1990 .....	254		
Table 13.1.6.3: Persons in employment by aggregated sections of industry and regions, 2001 .....	254		

Table 13.3.6: Persons in employment of non-agricultural occupations aged 15 years and over by the time spent for agricultural activity and types of localities .....	266	Figure 6: Spatial distribution of micro-regions in the top and bottom quartiles of employment rates 2001 .....	28
Table 13.4.1.1: Population by nationalities and economic activity, population of Hungary, total ..	267	Figure 7: Composition of registered unemployed by form of assistance .....	33
Table 13.4.1.2: Population by nationalities and economic activity, Budapest .....	268	<b>INFOCUS</b>	
Table 13.4.1.3: Population by nationalities and economic activity, towns with county rights .....	269	<b>I.2</b>	
Table 13.4.1.4: Population by nationalities and economic activity, other towns .....	270	Figure 1: Employment rates for women aged 26–50 and men aged 26–55 .....	55
Table 13.4.1.5: Population by nationalities and economic activity, villages, rural areas .....	271	Figure 2a: The marginal effects of region variables on employment probabilities of men, Transdanubian regions .....	59
Table 13.4.2: Persons in employment by nationality, aggregated major groups of occupations, aggregated sections of industry .....	272	Figure 2b: The marginal effects of region variables on employment probabilities of women, Transdanubian regions .....	59
Table 13.5.1: Disabled persons by type of disability and economic activity, total .....	273	Figure 2c: The marginal effects of region variables on employment probabilities of men, Eastern regions .....	60
Table 13.5.2: Disabled persons by type of disability and economic activity, males .....	273	Figure 2d: The marginal effects of region variables on employment probabilities of women, Eastern regions ..	61
Table 13.5.3: Disabled persons by type of disability and economic activity, females .....	274	<b>I.3</b>	
Table 14.1: Employment rate and unemployment rate of population aged 15–64 by sex in the countries of the European Union, in Hungary and in the candidate countries, in 2002, per cent .....	275	Figure 1: Reactions to regional shocks .....	64
Table 14.2: Composition of employed population 2002, 15–64 ages, per cent .....	276	Figure 2: Regression-adjusted net earnings differentials between settlements 1986–2000 .....	66
Table 14.3: Real labour cost index, 1997–2001 .....	277	Figure 3: Regression-adjusted gross wage differentials between settlements 1986–2000 .....	67
Table 14.4: Nominal labour cost index 1997–2001 ..	278	Figure 4: Regional net earnings differentials 1986–2000 .....	68
Table 14.5: Real gross earnings index 1997–2001 ..	279	Figure 5: Regional gross wage differentials 1986–2000 .....	68
Table 14.6: Nominal gross earnings index 1997–2001 .....	279	Figure 6: Regional net earnings differentials 1986–2000 .....	69
Table 14.7: Monthly statutory minimum wage rates, full-time adult employees, aged 23+ .....	280	Figure 7: Regional gross wage differentials 1986–2000 .....	69
<b>FIGURES</b>		<b>I.4</b>	
<b>THE CURRENT SITUATION...</b>		Figure 1: Housing constructions, 1999–2002 .....	78
Figure 1: Changes in the rates of unemployment, inactivity and employment .....	18	<b>I.5</b>	
Figure 2: Changes in full-time employment .....	19	Figure 1: The predicted probability of commuting as a function of monthly gross wage .....	88
Figure 3: The Hungarian tax wedge in international comparison .....	22	Figure 2: The probability of the presence of commuting costs as a function of the distance between places of residence and work .....	90
Figure 4: Time path of micro-regional unemployment rate differences .....	27	Figure 3: The predicted probability of commuting in the absence of coverage of travel expenses as a function of the distance between places of residence and work .....	92
Figure 5: Kernel density of relative employment rates .....	27	<b>I.6</b>	
		Figure 1: Evolution of the mobility rate, GDP at the country and labour market inequality at the micro region-level between 1990 and 1999 .....	95
