TRENDS

Table 1: Population by labour force status	16
Table 2: Rate of unemployment by worker characteristics	18
Table 3: Economic activity of young workers	19
Table 4: Length of unemployment	20
Table 5: Flows between labour force statuses	21
Table 6: Average wages in 2006	22
Table 7: Average wages and changes in real wage by industry in 2006	23
Table 8: Regional differences in wages by planned regions	27

IN FOCUS

Table 1.1: Partaking in the different income components and the ratio of them to total income	37
Table 1.2: Probit models for the probability of receiving different kinds of in-kind benefits. Average partial effects on probabilities	39
Table 1.3: Probability of receiving any benefits (probit) and value of the benefits if any (interval regression) ..	40
Table 1.4: Mincer-type earnings regressions, comparable samples of full-time workers	42
Table 1.5: Net monthly wages and net monthly total incomes. Results of Mincer type regressions	43
Table A1: Sharing in the different kinds of in-kind benefits	44
Table A1.2: Models for the probabilities of getting any kinds of benefit and of their amount	44
Table A1.3: Models for the net monthly wages of full-time workers, and for net hourly wages	45
Table A1.4: Net monthly wages and net monthly total incomes. Results of Mincer-type regressions	46
Table 2.1: Foreign ownership premium	55
Table 3.1: Public and private sector wages	62
Table 3.2: Public sector composition, 2002–2003	63
Table 3.3: Change of the relative wage over time	67
Table 3.4: Change of the relative wage by education and occupation	67
Table 5.1: Extent of the supply-shock	80
Table 6.1: Real average earnings in public education, public and business sector 2000–2004	87
Table 6.2: Distribution of employed in public education by gender and educational attainment and their average age, 1998–2004	88

Table 6.3: Average age and highest educational attainment of the teaching force in public education, 1998–2004	88
Table 6.4: Determinants of the choice of teacher training	93
Table 6.5: Determinants of choice of teaching	94
Table 7.1: Basic results, 1986–2002	100
Table 7.2: Distribution of workers by gender composition of occupation (%)	100
Table 7.3: The gender wage gap and the effect of gender composition on wages	101
Table 7.4: Mean difference between women and men in proportion female in occupation, by cohort	101
Table 8.1: First- and second-observation earnings, Gini	106
Table 8.2: Earnings quintile mobility (per cent)	106
Table 8.3: Earnings and a higher-education degree ...	107
Table 8.4: Earnings and types of education of the higher-education degree	108
Table 8.5: Occupation/education matching	110
Table 8.6: Earnings and occupation/education matching	110
Table 8.7: Second-observation wage premium or penalty due to higher-education degree, types of education, matching and labour-market-career interruption (per cent)	112
Table A8.1: Determinants of wages	117

LEGAL

Table 1: Distribution of recipients of passive unemployment assistance by type of assistance between 1992–2005 (percentage)	130
Table 2: Coverage of active job-seekers by different types of assistance 1992–2004 (percentage)	131
Table 3: The share of those actively looking for work and those not looking for work among the recipients of unemployment-related assistance	132
Table 4: Conditions of eligibility for job-search benefit ..	133
Table 5: Calculating the amount of job-search benefit ..	134
Table 6: Main features of the job-search allowance ..	135
Table 7: Average number of participants in active labour market measures, 1993–2001	141
Table M1: Employment promotion and support for training financed from the Labour Market Fund ...	148

STATISTICAL DATA

Table 1.1: Basic economic indicators	155	Table 5.5: Unemployment rate of population aged 15-64 by level of education, males	179
Table 2.1: Population	156	Table 5.6: Unemployment rate of population aged 15-64 by level of education, females	180
Table 2.2: Population by age groups	157	Table 5.7: The distribution of unemployed by duration of job search, in thousands	181
Table 2.3: Female population by age groups	158	Table 5.8: Registered unemployed by economic activity as observed in the LFS	183
Table 2.4: Female population by age groups	158	Table 5.9: Selected time series of registered unemploy- ment, yearly average, in thousands, per cent	184
Table 3.1: Labour force participation of the population above 14 years	159	Table 5.10: First-time entrants and re-entrants to the unemployment register, in thousands	185
Table 3.2: Labour force participation of the population above 14 years – males	160	Table 5.11: Benefit receipt and participation in active labour market programs	186
Table 3.3: Labour force participation of the population above 14 years – females	161	Table 5.12: Distribution of registered unemployed by educational attainment	187
Table 3.4: Labour force participation of the population above 14 years – per cent	162	Table 5.13: Distribution of unemployment benefit recipients by educational attainment	187
Table 3.5: Labour force participation of the population above 14 years – males, per cent	163	Table 5.14: Distribution of unemployment assistance by educational attainment	187
Table 3.6: Labour force participation of the population above 14 years – females, per cent	164	Table 5.15: The ratio of those who are employed among the former participants of ALMPs	188
Table 3.7: 15-64 by labour market status (self-categorised) in thousands	165	Table 5.16: Employment ratio of former participants of ALMPs by sex, age and education for the pro- grammes finished in 2005	188
Table 3.8: Population aged 15-64 by labour market status (self-categorised), percentage	166	Table 5.17: The distribution of the total number of labour market training participants	189
Table 4.1: Employed	167	Table 5.18: The distribution of non-employed labour market training participants	189
Table 4.2: Employed by gender	168	Table 5.19: The distribution of those entering into the training programmes by age groups and educa- tional level for male and female participants	190
Table 4.3: Composition of the employed by age groups – males, per cent	169	Table 5.20: The distribution of registered unemploy- ment by educational attainment, yearly averages ..	190
Table 4.4: Composition of the employed by age groups – females, per cent	169	Table 5.21: The distribution of registered unemployed school-leavers by educational attainment	191
Table 4.5: Composition of the employed by level of education – males, per cent	170	Table 5.22: The number of registered unemployed by educational attainment, yearly averages	191
Table 4.6: Composition of the employed by level of education – females, per cent	170	Table 5.23: The number of registered unemployed school-leavers by educational attainment	191
Table 4.7: Employed by type of employment	172	Table 6.1: Nominal and real earnings	192
Table 4.8: Composition by type of employment	172	Table 6.2: Gross average earnings by industry	193
Table 4.9: Employees by industry, per cent	173	Table 6.3: The composition of full-time employees and average earnings by gender in major branches of the economy in 2005	195
Table 4.10: Employees of the corporate sector by firm size, per cent	174	Table 6.4: The composition of full-time employees and average earnings in the economy by gender and level of education in 2005	196
Table 4.11: Employees of the corporate sector by the share of foreign ownership, per cent	174	Table 6.5: The composition of full-time employees and average earnings in the budgetary sector by gender and level of education in 2005	196
Table 4.12: Employment rate of population aged 15-64, by age group, males	175	Table 6.6: The composition of full-time employees and average earnings in the competitive sector by gender and level of education in 2005	197
Table 4.13: Employment rate of population aged 15-64 by age group, females	175		
Table 4.14: Employment rate of population aged 15-64 by level of education, males	176		
Table 4.15: Employment rate of population aged 15-64 by level of education, females	176		
Table 5.1: Registered and LFS unemployment	177		
Table 5.2: Unemployment rate by age and gender and % of long term unemployed	178		
Table 5.3: Composition of the unemployed by level of education, males	178		
Table 5.4: Composition of the unemployed by level of education, females	179		

Table 6.7: Percentage of low paid workers by gender, age groups, level of education and industries	197	Table 9.4: Annual average registered unemployment rate by counties	218
Table 6.8: The differentiation of gross monthly earnings by gender, ratios of decile	199	Table 9.5: Average monthly earnings in Budapest and the counties	219
Table 6.9: Average earnings in the national economy by forms of control, broken down to manual and non-manual workers, by genders	200	Table 9.6: Regional inequalities: gross monthly earnings	220
Table 6.10: Average earnings in the national economy by staff size-categories, broken down to manual and non-manual workers, by gender	200	Table 9.7: Regional inequalities: gross domestic product	221
Table 6.11: Average earnings in the competitive sector by wage categories, broken down to manual and non-manual workers and by gender	201	Table 10.1: Work permits issued to foreign citizens ..	223
Table 6.12: Average monthly earnings in the national economy by age groups and sectors broken down to manual and non-manual workers by gender	202	Table 10.2: Employees since 0–6 months	223
Table 6.13: Average monthly earnings in the national economy by counties and regions broken down to manual and non-manual workers, by gender	203	Table 10.3: Employees living and working in the residence and daily commuters by main demographic indicators, 1980–2001; in thousands, per cent	224
Table 6.14: Average earnings in the competitive sector by ownership ratios broken down to manual and non-manual workers and gender	204	Table 11.1: Minimum wage	225
Table 6.15: Average monthly earnings in the competitive sector by ownership ratios and staff-size categories, manual workers	204	Table 11.2: National agreements on wage guidelines, previous year = 100	226
Table 6.16: Average monthly earnings in the competitive sector by ownership ratios and staff-size categories, non manual workers	204	Table 11.3: Strikes	226
Table 6.17: Average monthly earnings in the competitive sector by ownership ratios and staff-size categories, manual and non-manual together	205	Table 12.1: Employment and unemployment rate of population aged 15–64 by sex in the EU–15 and EU–25, 2005	227
Table 6.18: Average monthly earnings by age in the national economy, broken down to manual and non-manual workers, by gender	205	Table 12.2: Employment composition, 2005	228
Table 7.1: School leavers by level of education	207	Table 12.3: Monthly statutory minimum wage rates, Full-time adult employees, aged 23+	229
Table 7.2: Pupils/students entering the school system, by level of education	208
