

Selected publications by András Simonovits

1. Simonovits, A.: „Direct Comparison of Different Priority Queueing Disciplines”, *Studia Scientiarum Mathematicarum Hungarica* 8 (1973) 225–243
2. Simonovits, A.: „A Note on the Underestimation and Overestimation of the Leontief Inverse”, *Econometrica* 43 (1975) 493–498.
3. Simonovits, A.: „Some Properties of a Decentralized Adjustment Process”, *Management Science* 22 (1976) 883–891.
4. Kornai, J.–Simonovits, A.: „Decentralized Control Problems in Neumann-economies”, *Journal of Economic Theory* 14:1 (1977) 44–67.
5. Simonovits, A.: „A Note on 'Marx in the Light of Modern Economic Theory' by Morishima”, *Econometrica* 46:5 (1978) 1239–1241.
6. Kornai, J.–Simonovits, A.: „The Relations among Forced Substitution, Stocks and Friction”, J. Kornai (1980): *The Economics of Shortage. Mathematical Appendix B* 601–606.
7. Kornai, J.–Simonovits, A.: „Control by Order-Signals”, in Kornai–Martos eds. (1981) 267–279.
8. Simonovits, A.: „Constrained Control and Destabilisation”, in Kornai–Martos eds. (1981), 281–320.
9. Simonovits, A.: „Maximal Convergence Speed of Decentralized Control”, *Journal of Economic Dynamics and Control* 3 (1981) 51–64.
10. Simonovits, A.: „Buffer Stocks and Naive Expectations in a Non-Walrasian Dynamic Macrodynamical Model: Stability, Cyclicity and Chaos”, *Scandinavian Journal of Economics* 84 (1982) 571–581.
11. Kornai, J.–Simonovits, A.: „Investment, Efficiency and Shortage: A Macro Growth Model”, *MATEKON* 24 (1986) 3–21.
12. Simonovits, A.: „Hidden Investment Cycles in Socialist Economies”, *Scandinavian Journal of Economics* 91 (1989) 583–597.
13. Simonovits, A.: „Investments, Starts and Cycles in Socialist Economies: A Mathematical Model”, *Journal of Comparative Economics* 15 (1991) 460–475.
14. Simonovits, A.: „Investment Limit Cycles in a Socialist Economy”, *Economics of Planning* 24 (1991) 27–46.
15. Simonovits, A.: *Cycles and Stagnation in Socialist Economies: A Mathematical Analysis*, Oxford, Blackwell, 1992.
16. Simonovits, A.: *Mathematical Methods in Dynamic Economics*, Oxford, Macmillan, 2000.
17. Simonovits, A.: “The Mathematics of the Hungarian Mortgage Reform in 1991”, *Eastern European Economics* 30 (1992) 121–133.
18. Hommes, C.–Nusse, H.–Simonovits, A.: “Cycles and Chaos in a Socialist Economy”, *Journal of Economic Dynamics and Control* 19 (1995) 155–179.
19. Simonovits, A.: “Three Economic Applications of Chebyshev's Algebraic Inequality”, *Mathematical Social Sciences* 30 (1995) 207–220.
20. Simonovits, A.: *Prices, Growth and Cycles, Essays in Honor of A. Bródy* (coedited with A. Steenge), Oxford, Macmillan, 1997.
21. Molnár, Gy.– Simonovits, A.: “Expectations, (In)stability and (In)viability in Realistic Overlapping Cohorts Models”, *Journal of Economic Dynamics and Control* 23 (1998) 303–332.
22. Simonovits, A.: “Are there Endogeneous Cycles in a Realistic Overlapping Cohorts Model?”,

- Structural Change and Economic Dynamics 10 (1999) 261–275 .
23. Simonovits, A.: “The New Hungarian Pension System and its Problems”, Transformation of Social Security: Pensions in Central-Eastern Europe, (eds: Müller, K., Ryll, A. and Wagener, H-J.) Heidelberg, Physica, 1999, 211–230.
 24. Maskin, E.–Simonovits, A., eds. : Planning, Shortage and Transformation, Essays in Honor of Kornai, J., Cambridge, MA, MIT Press, 2000.
 25. Simonovits, A.: “Partial Privatization of a Pension System: Lesson from Hungary”, Journal of International Development 12 (2001) 519–529.
 26. Augusztinovics, M, coordinator– Gál, R.I.– Máté, L.–Simonovits, A.– Stahl, J.: “The Hungarian Pension Reform Before and After the 1998 Reform”, Chapter 1 in Pension Reform in Central and Eastern Europe, Vol. I (ed. by Fultz, E.) 25–93, 2002.
 27. Simonovits, A.: “Designing Optimal Linear Rules for Flexible Retirement”, Journal of Pension Economics and Finance, 2 (2003) 273–293.
 28. Simonovits, A.: Modeling Pension Systems, Oxford, Palgrave Macmillan, 2003.
 29. Simonovits, A.: “Optimal Design of Old-Age Pension Rule with Flexible Retirement: The Two-Type Case”, Journal of Economics, 89 (2006) 197–222.
 30. Simonovits, A.: “Can Population Aging Imply a Smaller Welfare State?” European Journal of Political Economy, 23 (2007) 534–541.
 31. Balla, K.–Köllő, J.–Simonovits, A. (2008): “Transition with Heterogeneous Labor”, Structural Change and Economic Change, 19, 203–220.
 32. Simonovits A. (2011): “When are Voluntary Pensions Indifferent?” Economic Letters, 111, 153–155.
 33. Eső, P.– Simonovits, A.–Tóth, J.: “Designing Benefit Rules for Flexible Retirement: Welfare and Redistribution”, Acta Oeconomica, 61 (2011), 3–32.
 34. Simonovits, A.: “The Mandatory Private Pension Pillar in Hungary: An Obituary”, International Social Security Review, 64:3 (2011), 81–98.
 35. Garay, B., Simonovits A. and Tóth, J.: „Local Interaction in Tax Evasion”, Economics Letters (2012) .
